Book Description. The Routledge Companion to Seventeenth Century Philosophy is an outstanding survey of one of the most important eras in the history of Western philosophy - one which witnessed philosophical, scientific, religious and social change on a massive scale. A team of twenty international contributors provide students and scholars of philosophy and related disciplines with a detailed and accessible guide to seventeenth century philosophy.

The Routledge Companion to Seventeenth Century Philosophy ...

Metaphysics is the branch of philosophy that examines the fundamental nature of reality, including the relationship between mind and matter, between substance and attribute, and between potentiality and actuality. The word "metaphysics" comes from two Greek words that, together, literally mean "after or behind or among [the study of]"
