Academic Motivation of Adolescents. Achieving Self-Regulation: The Trial and Triumph of Adolescence. Barry Zimmerman. Self-Efficacy and Adolescents' Motivation. Dale H. Schunk and Samuel D. Miller. Adolescents' Expectancies for Success and Achievement Task Values During the Middle and High School Years. Allan Wigfield and Stephen Tonks.

Academic Motivation of Adolescents

A young teen may lose motivation after moving from elementary school to a middle school or junior high. The loss of motivation can be fueled by insufficient support in the new school or by an increased workload and expectations to which the student hasn't yet adjusted. Social and peer pressures.

Motivation -- Helping Your Child Through Early Adolescence

Adolescents typically exhibit a marked decline in academic intrinsic motivation throughout their school careers. Following self-determination theory, it is hypothesized that traditional school environments insufficiently satisfy three basic psychological needs of youths during maturation, namely the needs for autonomy, competence and relatedness.

The decline of academic motivation during adolescence: an ...

Adolescents typically exhibit a marked decline in academic intrinsic motivation throughout their school careers. Following self-determination theory it is hypothesized that traditional school...

The Decline of Academic Motivation during Adolescence: An ...

Young adolescents respond well to thematic instruction and integrated curriculum. Making connections among fine and performing arts, with math, social studies, foreign languages, and so on makes these subjects come to life. Motivation flourishes as students apply skills taught in one class to tasks done in another class.

Motivating Young Adolescents - Educational Leadership

Adolescents are also developing socially and emotionally during this time. The most important task of adolescence is the search for identity. (This is often a lifelong voyage, launched in adolescence.) Along with the search for identity comes the struggle for independence.

Adolescent Development - Cleveland Clinic

Academic motivation is thought to decline throughout childhood and into adolescence, although developmental declines are greater for some subject areas (Gottfried, Fleming, & Gottfried, 2001).

Predictors of adolescents' academic motivation ...

The main thing to remember about extrinsic motivation is that influence is exerted from the outside in, making adolescent effort dependent on external pressure. This is different from intrinsic...

Motivating Your Adolescent to Perform | Psychology Today

Adolescents' academic motivation was assessed with the Academic Motivation Scale (Plunkett & Bámaca-Gómez, 2003). The five items (e.g., "I try hard in school") were scored on a 4-point Likert scale with anchors of Strongly Disagree (1) and Strongly Agree (4). Higher scores indicated higher levels of academic motivation.

Latino adolescents' academic success: The role of ...

Because adolescence is a time of change and preparation for adulthood, and because academic achievement at this time can have significant implications on employment or career opportunities, understanding adolescents' motivation is vital to ensuring students achieve their potential in school.

adolescents' academic achievement motivation. Attempts were made to explain findings within the existing ecological and socio-cultural practices of the study area.

International Journal of Education & Literacy Studies

The present study evaluates differences in self-reported intrinsic and extrinsic academic motivation and amotivation between eighth-grade adolescents with (n = 162) and without (n = 140) ADHD. This study also examines associations between motivation and academic functioning with objective (i.e., grade point average, standardized reading and math scores) and cross-rater measurement (i.e ...

Academic Motivation Deficits in Adolescents with ADHD and ...

From a biological perspective, adolescence should be the best time of life. Most physical and mental functions, such as speed, strength, reaction time, and memory, are more fully developed during the teenage years. Also in adolescence, new, radical, and divergent ideas can have profound impacts on the imagination.

adolescence | Definition, Characteristics, & Stages ...

Summary. From the time individuals first enter school until they complete their formal schooling, children and adolescents spend more time in schools than in any other place outside their homes. Exploring all of the possible ways in which educational institutions influence motivation and development during adolescence is beyond the scope of a single chapter.

Schools, Academic Motivation, and Stage-Environment Fit ...

Adolescence is the age between adulthood and childhood. Teenagers are often confused about their role and are torn between their responsibilities as growing adults and their desires as children. They tend to feel overly emotional (blame it on the hormones). Just about anything and everything can make them happy, excited, mad or angry.
