Fromkin An Introduction To Language

Components of Language Language, be it spoken, signed, or written, has specific components: a lexicon and grammar. Lexicon refers to the words of a given language. Thus, lexicon is a language's vocabulary. Grammar refers to the set of rules that are used to convey meaning through the use of the lexicon (Fernández & Cairns, 2011). For instance, English grammar dictates that most verbs receive ...

Regional Dialect - Definition and Examples - ThoughtCo

A speech error, commonly referred to as a slip of the tongue (Latin: lapsus linguae, or occasionally self-demonstratingly, lipsus linguae) or misspeaking, is a deviation (conscious or unconscious) from the apparently intended form of an utterance. They can be subdivided into spontaneously and inadvertently produced speech errors and intentionally produced word-plays or puns.

Speech error - Wikipedia

L.M. Romanski, in Evolution of Nervous Systems (Second Edition), 2017 3.20.1 Introduction. Human communication is a distributed process that depends on a circuit of brain regions, especially frontal and temporal cortical regions. Broca area, located in the ventral frontal lobe on the inferior frontal gyrus (IFG), is considered essential in the motor control of speech.
