We are proud to have supported Glencoe.com for the past 20 years as a digital companion hosting various ancillary resources to accompany a number of McGraw Hill print programs. In light of advancements in technology standards, we have made the difficult decision to retire Glencoe.com and focus on our core meducation.com websites.

Terence William (Terry) Dowling (born 21 March 1947), is an Australian writer and journalist. He writes primarily speculative fiction though he considers himself an "imagier" - one who imagines, a term which liberates his writing from the constraints of specific genres. He has been called "among the best-loved local writers and most-awarded in and out of Australia, a writer who stubbornly ...

An ebook (short for electronic book), also known as an e-book or eBook, is a book publication made available in digital form, consisting of text, images, or both, readable on the flat-panel display of computers or other electronic devices. Although sometimes defined as "an electronic version of a printed book", some e-books exist without a printed equivalent.

Issues concerning scientific explanation have been a focus of philosophical attention from Pre-Socratic times through the modern period. However, modern discussion really begins with the development of the Deductive-Nomological (DN) model. This model has had many advocates (including Popper 1959, Braithwaite 1953, Gardiner, 1959, Nagel 1961) but unquestionably the most detailed and influential ...
