The principal functions of negationist history are the abilities to control ideological influence and to control political influence. In "History Men Battle over Britain's Future", Michael d'Ancona said that historical negationists "seem to have been given a collective task in [a] nation's cultural development, the full significance of which is emerging only now: To redefine [national] status ...

America's leaders understood Japan's desperate position: the Japanese were willing to end the war on any terms, as long as the Emperor was not molested. If the US leadership had not insisted on unconditional surrender -- that is, if they had made clear a willingness to permit the Emperor to remain in place -- the Japanese very likely would have ...

Japan (Japanese: 日本; Romanised as nihon or nippon) is a country in East Asia. It is a group of many islands close to the east coast of Korea, China and Russia. The Pacific Ocean is to the east of Japan and the Sea of Japan is to the west. Most people in Japan live on one of the four islands. The biggest of these islands, Honshu, has the most people.. Honshu is the 7th largest island in the
