But this is happening in real life, not in a movie. Focus on a wrong part of the problem. This is a classic example of a case where you thought you were focusing on the true cause of a problem (seeking help to get relief for a stomach ache), but instead, your doctor ended up just fixing the symptoms (giving just a bunch of pills for the pain).. Since only the symptoms were fixed, the root ...

screws. A typical simple screwdriver has a handle and a shaft, ending in a tip the user puts into the screw head before turning the handle. This form of the screwdriver has been replaced in many workplaces and homes with a more modern and versatile tool, a power drill, as they are quicker, easier, and also can drill holes.
