What it does in Japan is give the Japanese a great deal more leeway in how they handle their relationships with business partners and political allies. They can, for example "break" some of the provisions of an agreement or contract when it is expedient to do so without unduly upsetting the other party because the other party has the "right" to do the same thing when it benefits them.

**Training - Japanese Business Etiquette and Japan Business ...**

Containment policies save lives but restrict economic activity. Standard approaches to accounting for the value of human lives lend support to these policies despite their high short-term economic costs. Integrated epidemic-macroeconomic models provide a coherent framework for quantifying the costs and benefits of containment policies. Part of the benefit comes from limiting externalities that ...
