A complete guide to lesbian relationships that explores both the practical and emotional dimensions of being a lesbian couple in today's society.

The Lesbian Couples Guide by Judith McDaniel

In a lesbian relationship, one woman can provide the eggs so that her partner can carry the baby, allowing them to both participate in the experience. This process is known as Reciprocal IVF, where a woman gets her eggs harvested and fertilized by an anonymous or known sperm donor, and then has the embryo placed into the hormonally prepared uterus of the other partner.
