Listening to the cicadas. In Plato's Phaedrus dialogue, Socrates remarks on the place that his companion has chosen for their conversation: "How lovely and perfectly charming the breeziness of the place is! And it resounds with the shrill summer music of the chorus of cicadas" (230c). [1] This circumstantial detail setting continues to play an important role during their talk, as Socrates calls attention to the cicadas several times.

Cicadas we experience in the Houston area are called annual cicadas, because their variety comes back year after year, depending on their egg-laying cycles. Unfortunately, some local news outlets have misguidedly repeated stories about the resurgence of a variety known as Brood IX, which appears in massive numbers but only every 17 years.

Cicada Animal Totem Symbolism. Cicadas are the longest living insects, which immediately cause them to be an obvious and appropriate symbol of longevity in animal totems. This and rebirth are the most common themes associated with the musical cicada, and these symbols are interpreted as highly personal.
