Disassembly of the PK380 is a little different from most other modern firearms on the market. As always, first make sure the gun is empty and make sure the hammer is down, or as the manual says "in the de-cocked position". Then insert the small supplied plastic takedown key into the takedown release hole.

### **Walther P38**

Like the P22, the PK380 features a slide-mounted, ambidextrous manual hammer-block, non-decocking safety and an external hammer. The magazine release is also ambidextrous using the Walther-style paddle release on the base of the trigger guard. However, unlike other Walthers, there is no slide release lever.
