Science Is All Around Us. Isn't it interesting to consider how science is all around us? It's in the food we eat and the air we breathe. And, the more we experiment with it, the more we uncover various truths about it. The best way to learn new things is by forming hypotheses and following the scientific method to test those hypotheses.

Examples of Mixtures - YourDictionary

Hypertonic Solutions: It is a type of solution which has a greater concentration of solute than another solution. Hypertonic solutions have high osmotic pressure. Example: A solution of 5% sugar and 0.45% salt. **Hypotonic Solution:** It is a type of solution which has a lower solute concentration than another solution. Hypotonic solutions have low ...
