Business Roundtable - Opportunity Agenda

Virtually all the jobs eliminated were unionised jobs. Since private sector employment was stagnant during those fifteen years, the overall reduction in the number of British jobs came to 1.7 million, a drop of 7% compared to 1979. To neo-liberals, fewer workers is always better than more because workers impinge on shareholder value.

A Short History of Neoliberalism | Transnational Institute

In recent years, this shareholder primacy model has come under attack from critics who contend it has enriched shareholders at the expense of just about everything and everyone else: workers ...

Selling Twitter to Elon Musk is good for investors. What about the public?

Americans need more democratic election laws, more self-governance for local communities, and more safeguards against corporate dominance of

government and common resources. The House of Representatives and the lower houses of state legislatures should be elected by a system of proportional representation.
