change in attitudes toward an object but rather change in the definition and mean- ing of the object. When meaning changes, attitudes change accordingly.

ATTITUDE CHANGE Persuasion and Social Influence

Knowing the content of an attitude is important, because attempts to change attitudes are more successful when the persuasive appeal matches the

content of the attitude. For example, if a person dislikes a beverage because it tastes bad, the person will be more convinced by a strong demonstration of a new, pleasant taste than by positive information about its health value.
