The Understanding of Nature: Essays in the Philosophy of ...

The predominant paradigm bequeathed to us by scientific materialism is nature-as-machine. We have grown used to thinking of matter as inert, dead, stupid stuff that gets knocked around by other matter, like balls on a billiard table. Modern physics has not improved on this metaphor (witness "quantum mechanics").

How do you understand nature? - The Spiritual Naturalist ...

Even before the Anthropocene, humans used and interpreted nature. Our conceptions of nature are quite varied and have changed over the course of time. Nature not only provides us with what we need for our daily life, with food and resources; it is also a place to relax, a source of inspiration and dreams.

Nature refers to all of the genes and hereditary factors that influence who we are—from our physical appearance to our personality characteristics. Nurture refers to all the environmental variables that impact who we are, including our early childhood experiences, how we were raised, our social relationships, and our surrounding culture.

Nature vs. Nurture: Genes or Environment?

There is a force within each one of us that pushes us away from God - our sinful nature. There is a force within each one of us that pushes us away from God. The Bible calls it "the sinful nature" (in older translations, "the flesh"). Galatians 5:17 The sinful nature wants to do evil, which is just the opposite of what the Spirit wants.
